1. Thanks for the detailed information regarding the financial status of the Office of Training and Education (OTE) in FY 1983. As I mentioned during the most recent quarterly planning session, this fiscal year will be a most difficult one for the Directorate. We have a staggering list of hard unfunded requirements with no positive signs of any relief on the horizon. ☐

2. Despite these difficulties, I have decided not to impose an assessment on your resources to provide for our most urgent needs. Our overall strategy this year is to direct our Offices to resolve their own unfunded needs to the extent that this is feasible. My evaluation of the information provided in reference A is that OTE is in a relatively good position to absorb most of its unfunded needs. Consequently, I do not intend to submit any of your unfunded items to the Comptroller for his review at this time. ☐
